### **Commonwealth Hematology-Oncology Opens Private Office in Leominster at HealthAlliance Hospital**

**Leominster** – David Shepro, M.D. and Vijay Kasturi, M.D., both oncologists-hematologists with Commonwealth Hematology-Oncology, P.C. (CHO), have opened a new private office in Leominster at HealthAlliance Hospital. CHO is a community-based cancer care network specializing in the care of patients with cancer and blood disorders. Dr. Shepro previously served as the Medical Director of Hematology and Oncology at HealthAlliance. Dr. Shepro and Dr. Kasturi are affiliated with UMass Memorial Medical Center and Worcester Medical Center.

“This office opening continues our tradition of bringing state-of-the-art patient care to the community setting, and we are very pleased to expand our services to the Leominster area,” said Dr. Shepro.

According to Walt Kagan, M.D., Ph.D., president of CHO, an objective of CHO is to combine advanced technology with “care for the whole person.”

Commonwealth Hematology-Oncology has offices and clinical sites throughout Massachusetts and in southern New Hampshire. CHO is known for its leadership in community-based cancer care. It was the first group practice in the state to develop treatment guidelines for specific cancers and the first group practice in the area to develop a computerized software program for chemotherapy ordering.
