### **FOR IMMEDIATE RELEASE**

## **Three Physicians Join Commonwealth Hematology-Oncology in Suburban Communities**

QUINCY, MA — Commonwealth Hematology-Oncology (CHO) has announced that three physicians have joined the group's offices in local communities: Dr. Darren M. Evanchuk, M.D. has joined the Quincy office; Dr. Daniel K. Finger, M.D. has joined the Stoneham office; and Dr. Thomas O'Connor, M.D. has joined the Weymouth office. CHO is the largest community-based, private cancer care group in New England.

Dr. Evanchuk of Boston is affiliated with Quincy Medical Center, Milton Hospital, and Caritas Carney Hospital. Prior to joining CHO, Dr. Evanchuk was a clinical fellow in the Stanford Cancer Center in California. He completed a Residency in Internal Medicine at Northwestern Memorial Hospital in Chicago, IL. Dr. Evanchuk received his M.D. from the State University of New York at Buffalo School of Medicine and Biomedical Sciences and his B.A. from Harvard College.

Dr. Finger, a resident of Melrose, Mass., is affiliated with Melrose Wakefield Hospital and Winchester Hospital. Prior to joining CHO, Dr. Finger was a clinical fellow

in the Department of Hematology/Oncology at the Boston Medical Center. He completed a Residency and an Internship at the Baystate Medical Center in Springfield, Mass. He received his M.D. from the University of Massachusetts Medical School and his B.S. in Molecular Biochemistry & Biophysics from Yale University.

A resident of Quincy, Mass., Dr. O'Connor's hospital appointments include South Shore Hospital in Weymouth. Prior to joining CHO, Dr. O'Connor was a clinical fellow in the Department of Hematology/Oncology at the George Washington University Medical Center in Washington, D.C. He completed a Residency and an Internship at the Rochester General Hospital, where he was a staff physician. He received his M.D. from State University of New York at Buffalo and his B.A. from the University of Rochester. Dr. O'Connor lives in Quincy, Mass.

*Commonwealth Hematology-Oncology, based in Quincy, Mass., has offices and hospital affiliates throughout Massachusetts. CHO is known for its leadership in community-based cancer care. It was the state's first group practice to develop treatment guidelines for specific cancers, the first to develop a computerized software program for chemotherapy ordering, and the first to provide a Patient Advocacy Program.
